Thanks Steve. I got both emails today and will fwd to the FCA (Miguel). I'd like to say we have everything, but every time I think we do Miguel throws another one at me. I know we will have at least one more GK that contains time from me. Some of my time on site got entered into our system as the planning TO, so it is getting put in the correct TO internally and then will be on a 1900. Hopefully that will be the end of clean up from last year. Call me when you are ready to talk about the next step. Mornings and evenings are best for me. I'm frequently out of cell service late morning through afternoon.

Matt
